

SWAB
BARCELONA
CONTEMPORARY
ART FAIR

26/29.09.2019

Swab Barcelona is an international art fair that brings together galleries, artists, curators and collectors from all around the world to showcase and discuss the latest trends in the international emerging scene.

It is a place to discover the most innovative artistic proposals and meet the local and international artists from all disciplines who are pushing the boundaries of expression and tracing the course of the art scene for coming years. In 2019, Swab Barcelona celebrates its 12th edition, from the 26th to 29th of September, welcoming around 75 galleries from the 5 continents, close to 15,000 visitors, and a large number of curated programs, prizes, and activities that transcend the fair walls to bring art to the Barcelona citizens.

Founded in 2006 by collector Joaquín Díez-Cascón, the fair remains true to its initial goals of breaking with the elitist and hermetic idea that often surrounds the contemporary art scene and making it accessible to the general public. At the same time, Swab aims to create opportunities for artists, galleries, and curators to break into the art market. "Swab Barcelona was born out of a need to join two of my passions: my home city of Barcelona and contemporary art. I wanted to create a space where I could share the artistic expressions and ideas that fascinated me at the time with Barcelona and its citizens" (Joaquín Díez-Cascón).

Swab Barcelona has a selection committee integrated by collectors Giuseppe Casarotto, Roser Figueres (CAL CEGO), Marlise Ilhesca, and Alberto&Ginette Rebaza; and independent curators Omar López-Chahoud, Jérôme Pantalacci, Domenico de Chirico and David Armengol.
